SUMMARY OF NEW POINTS OF THE THESIS

The dissertation is a systematic, in-depth, comprehensive and complete research on issues related to the protection of children's rights under the Law on Marriage and Family in Vietnam, contributing the following new points:

Firstly, the thesis has built and perfected theoretical content such as: concept of children, children's rights and protection of children's rights; clarified the theoretical issues of protection of children's rights under the law on marriage and family, and at the same time it has pointed out and analyzed the factors affecting the protection of children's rights in the current family environment.

Secondly, the thesis has evaluated and analyzed the provisions of the Law on Marriage and Family 2014 in protecting children's rights, as well as asssessed the practical implementation of the provisions of the Law on Marriage and Family 2014 on the protection of children's rights, thereby, to detect obstacles, inadequacies and effectiveness of law enforcement in protecting children's rights in marital relationships.

Thirdly, the thesis develops directions and solutions to perfecting the current Law on Marriage and Family on protection of children's rights and solutions to improving the effectiveness of law enforcement, ensuring children are cared for, protected and receive the best education in marriage and family relations in particular and in social relationships in general.
