

**INFORMATION ON NEW RESEARCH FINDINGS OF THE DOCTORAL DISSERTATION****Dissertation title:** Legal assistance for enterprises – Law and practice**Specialty:** Economic law; **Code:** 9.38.01.07**Doctoral Candidate:** Tran Minh Son**Supervisors:** Assoc.Prof - Ph.D. Duong Dang Hue - Assoc.Prof - Ph.D. Vu Thi Lan Anh**Training Institution:** Hanoi Law University**SUMMARY OF NEW RESEARCH FINDINGS**

As a systematic and comprehensive study of legal assistance for enterprises, the Thesis has brought the following new contributions to knowledge:

- Clarifying the objective existence and the development of the institution of legal assistance for enterprises in Vietnam;
- Clarifying that legal assistance for enterprises is not simply a temporary policy but a long term task, manifesting the economic function of the State; and also that legal assistance for enterprises, in nature, is a kind of public services provided by the State for small and medium-sized enterprises;
- Discussing a range of scientific definitions relating to the law on legal assistance for enterprises and the operation of legal assistance for enterprises.
- Systematically accessing and researching the law on legal assistance for enterprises and the practices in some developed economies ( such as South Korea, Taiwan, Japan, Thailand, United State of America, United Kingdom, France etc) in a comparative perspective with the law of Vietnam and based on that drawing lessons learned to improve the related law and enhance the effectiveness of legal assistance for enterprises.
- Researching and working out the reasons of the shortcomings and insufficiencies of the related law as well as of the practice of legal assistance for enterprises in Vietnam over the last periods.
- Offering oriented recommendations and solutions to improve the law on legal assistance for enterprises (including improving the legal regulations on forms of legal assistance for enterprises; securing necessary fund for the legal assistance for enterprises; and promoting the role and responsibilities of the State authorities and organizations representing for enterprises in the field), the enforcement of the law on legal assistance for enterprises in a comprehensive, consistent and feasible manner in order to enhance the effectiveness of legal assistance activities in line with the current practice and in the coming time (accelerating the dissemination and the collaboration; the application of information technology; setting up and operating related programs and plans; control and supervision; and emulation and commendation).
