INFORMATION ON NEW RESEACH FINDINGS OF THE DISSERTATION

Dissertation title: The law on credit cooperatives

Specialty: Economic law;

Code: 9 38 01 07

PhD Student: Do Manh Phuong

Supervisors: Assoc. Prof. Dr. Nguyen Thi Anh Van; Dr. Nguyen Kieu Giang

Training Institution: Hanoi Law University

SUMMARY OF NEW RESEARCH FINDINGS

First, the thesis has systematized, supplemented and deepened theoretical issues about credit cooperatives and the law on credit cooperatives. The thesis has developed and clarified the concept of credit cooperatives, clarifying issues related to organization model, the systematic connection among types of credit cooperatives.

Second, the thesis has analysed quite fully, in detail and systematically the current status and the practice of implementation of the law on credit cooperatives in Vietnam and thereby pointing out the advantages as well as the limitations and shortcomings that need further improving.

Third, based on the research results regarding the theory of credit cooperatives, the current situation and the practice of implementation of the law on credit cooperatives, the thesis has analyzed and clarified viewpoints on improving the law on credit cooperatives. On that basis, the thesis has proposed scientific solutions to improve the law on credit cooperatives in the coming time.
