Training Institution: Hanoi Law University

The thesis is research on ensuring human rights of defendants in first-instance trials of criminal cases in Vietnam. The research evaluates systematically ensuring human rights of defendants in first-instance trials of criminal cases, specifically as follows:

The thesis has evaluated and developed the concept of ensuring human rights of defendants in first-instance trials of criminal cases from the concept of ensuring human rights; identified and analyzed the forms of ensuring human rights of defendants in first-instance trials of criminal cases and analyzed the content of human rights of defendants in first-instance trials of criminal cases and mechanisms to ensure human rights.

The thesis has evaluated the practice of ensuring the human rights of defendants in the first-instance trial of criminal cases through the analysis of statistical data, in-depth surveys and typical judgments on the first instance trial of criminal cases. Through the analysis and evaluation of practice, the thesis has pointed out the achievements, limitations, difficulties and causes of the limitations and difficulties in ensuring the human rights of defendants in the first-instance trial of criminal cases.

The thesis has proposed several requirements for solutions to enhance the ensuring of the human rights of defendants in the first-instance trial of criminal cases on the Party's policies, the State's goals, international standards and suitable for practical purposes; from those requirements, the thesis has proposed specific solutions to enhance the ensuring of the human rights of defendants in the first-instance trial of criminal cases.
